Las medidas en negro están expresadas en milímetros, las de color en pulgadas.
* Los 1.6 mm del Resalto están incluidos en el espesor mínimo, en la altura a través del cuello o cubo y en la longitud roscada mínima. Esta tabla corresponde a bridas de cara con resalto.

Las medidas en negro están expresadas en milímetros, las de color en pulgadas.

Las medidas en negro están expresadas en milímetros, las de color en pulgadas.

* Los 1.6 mm del Resalto están incluidos en el espesor mínimo, en la altura a través del cuello o cubo y en la longitud roscada mínima. Esta tabla corresponde a bridas de cara con resalto.

Las medidas en negro están expresadas en milímetros, las de color en pulgadas.
